EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Johnathan A. Platt on 5/17/06.

The application has been amended as follows:

The title:

The title has been changed to: --Method of making RFID device--.

The claims:

Non elected claims 38-50 have been cancelled (as agreed per phone conversation on 5/17/06).

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: None of the prior art references teach or fairly suggest the claimed "method of making an RFID device" includes step of: attaching a strap to the substrate by crimping to form interconnection between a seed layer and conductive leads of the strap and wherein the strap passed through the substrate as et forth in claim 1, lines 4-7. Also, applicants' arguments under the heading "Remarks" were persuasive therefore, claim 1 is found to be novelty and is allowable.

Art Unit: 3729

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
